How to configure Yealink W52P/H, W56P/H, W60P/B for SCX

This guide applies to W52P and Handset.

**On this topic:**

- How to configure Yealink W52P/H, W56P/H, W60P/B for SCX
- Supported Models: Yealink DECT series and Handsets
- Base Station
  - Handset Station
- Step 1: Upgrade to the Required Firmware
- Step 2: Factory Reset the Yealink DECT system
- Step 3: Provisioning a Yealink W52P station
  - Factory Setup
  - SCX
- Step 4: Registering the handset
  - Handset Station

**Supported Models: Yealink DECT series and Handsets**

**Base Station**

- Yealink W52P
- Yealink W56P
- Yealink W60P/B

**Handset Station**

- Yealink W52H
- Yealink W56H

SmartCOMM® Cloud Phone System

**Soft Key:** Press to answer a call or end a call.

**Message Key:** Press to answer a call or end a call.

**On Hook Key/Phone Key:** Press to answer a call or end a call.

**Registration LED:** Flashing indicates registration failure.

**Network Status LED:** Flashing indicates network connection failure.

**Power Indication LED:** Flashing indicates low battery.

**Mute Key:** Press to mute or unmute a call.

**Paging Key:** Press to answer a call or end a call.

**Redial Key:** Press to redial a call.

User Guide for the W52P IP DECT Phone

Displaying Information on LCD Screen

The idle screen may be shown as below:

The LCD screen is divided into three parts: status line, text line and soft key line.

The information shown in the status line:

- On hook (idle) — displays the signal strength indicator, internal handset number and battery status.
- Off hook — displays line ID.

The information shown in the text line:

- On hook (idle) — displays handset name, time and date, caller information when receiving an incoming call and prompt messages.
- Off hook — displays the dialed digits.

The information shown in the soft key line:

- On hook (idle) — displays History and Line.
- Off hook — displays various terms according to the context of the specific feature.

Signal Strength

The strength of reception signal between the base station and handset may display as:

Weak to strong: [Signal strength icons]

No reception: [No reception icon]

Battery Status

The battery status displays on the top right-hand corner of the LCD screen:

Icon	Battery Level
[Full battery icon]	Full
[High battery icon]	High
[Medium battery icon]	Medium
[Low battery icon]	Low
[Need charging icon]	Need Charging

**Note** When the capacity of batteries is low, and the handset is not charged timely, the handset will play a warning tone and display a prompt box every hour.
